Professional Rugby Team in Indianapolis, Indiana

Dear Mr. Young:

As a company dedicated to helping people move about the world safely and seamlessly and an anchor resident of Indianapolis, Indiana for over fifty years, dormakaba wholeheartedly supports the effort to bring a professional rugby team and the Rugby World Cup to Indianapolis.

We know firsthand that investing in the communities where we live, work, and play supports a harmonious environment that helps companies attract and retain talent. Indianapolis has established itself as a community committed to this effort with its many sporting venues, parks, healthcare facilities, educational institutions, cultural activities, and lifestyle opportunities. In our city, "Hoosier hospitality" is not just a catchphrase.

Adding another professional sports team and bringing another global sporting event to Indianapolis will advance its reputation as a world-class community. We look forward to the positive impact these experiences will bring to residents, visitors, and teams. In addition, we recognize that the infrastructure improvements necessary to bring these visions to reality will benefit our city in many ways – state-of-the-art venues, youth sports, afterschool programming, and adult recreation leagues – for years to come.

Thank you for your interest and consideration of Indianapolis. We wholeheartedly support the development efforts needed to bring a professional rugby team and the Rugby World Cup to our city.

Sincerely,

Ben Brydges
