

January 3, 2023

Mr. Will Magie
General Manager
SOK Global Sports
Austin, Texas

Dear Will,

Urban Legacy Lands Initiative Inc - ULLI - is a Cultural Heritage Development Corporation that focuses on Black cultural heritage preservation. Currently, ULLI is concentrated in community revitalization and real estate and leadership development, specifically, in the Historic Indiana Avenue neighborhood.

Kuntz Memorial stadium is situated on West 16th St. and connects directly to Indiana Avenue. By bringing life back into Kuntz stadium the surrounding community will have opportunities for new jobs and you have the ability to showcase rugby to a new population. As I said probably too many times now, my introduction to rugby comes from my son's love for the game. He is a stalwart supporter of the sport, and the great camaraderie it engenders.

SOK Global's vision to renew Kuntz stadium falls directly in line with ULLI's plan to reinvigorate Historic Indiana Avenue and areas that are around it. Through the re-purposing of Kuntz, rugby will now be available to all residents in the neighborhood.

SOK Global has our wholehearted support for its vision to revive Kuntz Stadium and its use of rugby to shepherd new life into a once thriving area.

Sincerely,

A handwritten signature in black ink, appearing to read "CPolley", is written over a light blue horizontal line.

Claudia Polley
