1413 E. Riverside Dr.
Indianapolis, IN 46202

December 14, 2022

To Whom It May Concern,

I am an owner of the Indianapolis AlleyCats. We are Indianapolis' professional ultimate frisbee team. Ultimate Disc is like soccer with a frisbee. It's played on a full-size football or soccer field in a seven on seven style. It's fast, super easy to learn and play.

Our franchise is an original team in the American Ultimate Disc League – the AUDL which began in 2012. Today, our league is the top ultimate league in the world with 25 teams in two countries!

We have met with Bill Ehret and SOK Global Sports about his organization's interest in bringing a new professional rugby team to Indianapolis and fully support their efforts to make their home at Kuntz Stadium.

Not only is my business located within a half mile of Kuntz Stadium but I live in Riverside, a mile north of the stadium. I've personally been involved with the Riverside Business Association, Riverside Civic League and Riverside Investment Club through the year as a 15 year resident of Riverside. I have been involved with various area improvement projects including support of 16 Tech, the re-imagined Riverside Park and it's \$120 million dollar park plan along with numerous local businesses and real estate groups.

Kuntz Stadium can be a world class facility but needs a lot of love. This is an opportunity for the city and the area to get this facility back to tip top shape.

As an owner of the AlleyCats, we are highly interested in leasing with facilities as our new home stadium and potential office. Our season runs from April through August. In fact, Kuntz Stadium was our home stadium for two years in 2013 and 2014. We have expressed our interest with Mr. Ehret about the opportunity to become its first tenant. We support SOK Global Sports effort to lease and manage the facility and hope the City of Indianapolis will agree with the plan to renovate. I think it's a win, win for the city, SOK Global Sports and us residents of Riverside!

Please feel free to contact me with any questions.
